

Camson Biotech net profit up 29%

Camson Biotechnologies, India's fastest growing IPR-driven biotechnology company, posted 26 per cent growth in net sales at ₹26.1 crore for the quarter ended June as compared to ₹20.7 crore in the corresponding quarter of the previous year. Net profit of the company during the quarter rose by 29 per cent to ₹6.99 crore from ₹5.40 crore in the same quarter last year. Dhirendra Kumar, Managing Director attributed the growth in financial performance to the thrust posed on its products continuously by farmers.
