

CAMSON BIO TECHNOLOGIES LIMITED

A leader in Agricultural Innovation

Join Camson as BDA (Business Development Associate) to leverage your agri-network.

Camson promotes Zero-residue agriculture through the use of Biocides with its strong brands like Calbahaar, Calgard, Calphomil & Caltika. We also have a strong presence in the watermelon, chilli & tomato hybrid seed market with blockbuster brands like Netravati, Sonmati, Pennar & Akashganga

Camson is now looking to expand its reach and leapfrog its penetration across geographies. With this endeavor Camson is interested in partnering with individuals / establishments with strong agri-network. You can reap the benefits of engaging with a fast growing technology backed, revolutionary agri-input company.

Join us as a BDA, recommend our products across your network and share the profits.

To know more about this novel mechanism contact Mr. Anil Kshetry of Camson Biotechnologies at (080) 40768900 or akshetry@camsonbiotechnologies.com
